

**DNA matches of Edward Gelles and two close cousins
with Oppenheim and Wertheimer
total amount of matched DNA and longest shared DNA segment
measured in cM (centimorgan) as shown by Family Finder tests**

	Edward Gelles	Elsa Schmaus 1 st cousin	Stuart Rothenberg 1 st cousin once removed
Edward Gelles		879.04 99.71	520.69 42.85
Elsa Schmaus	879.04 99.71		411.22 45.96
Stuart Rothenberg	520.69 42.85	411.22 45.96	
Wm. M Oppenheim	99.14 / 14.95	113.03 / 12.69	128.09 / 10.87
Adam H Oppenheim	83.82 / 14.76		89.46 / 11.51
Bruce Wertheimer		100.32 / 11.36	127.64 / 15.51
David Wertheimer	67.99 / 7.85	82.46 / 10.35	118.82 / 14.44
William R Wertheimer	86.50 / 11.29	100.28 / 8.11	112.56 / 15.51
Ricardo Wertheimer	91.72 / 9.95	69.09 / 13.69	
M. A. Wertheimer	92.98 / 7.73	108.39 / 25.95	

**Autosomal DNA matches of Bruce Wertheimer with segments above 7 cM
on GEDmatch**

	Total cM	Longest Segment cM	Generations
David Wertheimer	3,580	204	1.0
William Ralph Wertheimer	2,869	135	1.2
Ricardo Wertheimer	317	44	2.8
Moshe Zvi Wertheimer	220	46	3.0
Michael Ahron Wertheimer	84	11	3.7

Dr. M.A.Wertheimer also has Oppenheim connections and traces his descent from the Vienna Habsburg Court Jew Samson Wertheimer (1658-1724)

In addition to these Oppenheim and Wertheimer probands my close Gelles cousins and I have ancestral connections in a similar time frame with Debra Calzareth and Lorie Krieger as shown in my latest book *The Jewish Journey*, chapter 15 (cf. calzareth.com/ and related web sites and ron@kenanent.com)
